Recreational Skill Development & Round Robin

Apr 24 '22

Game Play

Individual Fees **REGULAR** \$185.00

[Return to Junior Rangers Ball Hockey League presented by Benjamin Moore](#) Join us as we launch the Junior Rangers Ball Hockey League this spring geared for kids ages 5-10 across the tri-state area! Kids will have the opportunity to put a stick in their hands and learn the basics of the game without the challenges of on-ice concerns. The recreational program offers players the ability to quickly learn the basics and enjoy weekly game play.

Participants Receive: Professional instruction from NYR Alumni and the NYR Hockey Development Team(1) Junior Rangers Stick(1) Junior Rangers Performance T-Shirt

- 10 Week Program (1) Hour Per Week for each age group
- Convenient locations across the tri-state area hosted at family friendly times

Cost:

- \$185 per participant

- Scholarships - Financially based scholarships are available to remove any financial barrier to the game.

Structure:

- Skill Development (10min at the start of each session)
- Round Robin Games (50min of game play per week)
- Building a foundation of skills that will allow each child to enjoy the game to the best of his or her ability. By focusing on core skills and fundamentals, kids will develop the skills needed to succeed and have fun. Players should wear athletic attire and proper sneakers for the program. Games are run on ball hockey court spaces and therefore will not require ice skates or rollerblades to participate.
